

REISSUE APPLICATION DECLARATION BY THE INVENTOR	Docket Number (Optional) LT-REISSUE
---	--

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.  
I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 6,441,736 B1, granted August 27, 2002 and for which a reissue patent is sought on the invention entitled \_\_\_\_\_,

ULTRA-THIN FLEXIBLE DURABLE RADIO FREQUENCY IDENTIFICATION DEVICES...

the specification of which

is attached hereto.

was filed on \_\_\_\_\_ as reissue application number \_\_\_\_\_  
and was amended on \_\_\_\_\_.  
(If applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

by reason of a defective specification or drawing.

by reason of the patentee claiming more or less than he had the right to claim in the patent.

by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

A broadening reissue is sought. The disclosure describes a process of manufacturing plastic cards. Independent Claim 1 recites one or more steps that are not required to distinguish the invention over the prior art. One error relied upon as a basis for this reissue is that these one or more steps were erroneously added to Claim 1 and thus unnecessarily limit the scope thereof. New Claims 19-44 remedy this error. A second error relied upon is that applicant failed to make reference to a prior copending application. This second error is also remedied by the reissue.
